

HEGZA DRIVE LAMP-FOG

- The driving light combines Blackout and Fog in the same body
- Free power cable - Optional connector as per requirement
- 20 meter waterproof
- IP 69K special gasket
- LED technology
- NATO type blackout light
- Symmetrical design for left-right mounting
- Aluminum housing
- MIL-STD 810G
- MIL-STD 461F
- Compliant with UN ECE REGULATION 7

The HEGZA driving light combines Fog and Blackout in the same body. The HEGZA driving light offers a space-saving and cost-effective solution. With its sealing feature, it is resistant to harsh conditions. Thanks to its symmetrical design, it can be used as both a left and right driving light. It reduces stock costs and eliminates ELD challenges.
