

INFRARED HEADLIGHT

- Operates at 940 nm wavelength (Provides invisible IR illumination for stealth and military applications)
- 24V DC supply voltage (Compatible with industrial and military systems)
- MIL-STD-461 & MIL-STD-810 compliant (Passed EMI/EMC and environmental durability tests)
- 10 High-Power IR LEDs (High-intensity, long-lasting illumination)
- Viewing Range:
 - Front: 80 meters
 - Rear: 40 meters
 - Side: 20 meters
- Lens Angle Options:
15°, 30°, 45°, 60°, 90°, 120° (Adjustable light dispersion for different applications)
- Aluminum Housing (Lightweight and durable, suitable for harsh outdoor conditions)
